1 PURPOSE

To ensure AMS Security personnel present a professional appearance while on duty, maintain the uniform to company standards, and comply with all mandatory Personal Protective Equipment (PPE) requirements in accordance with the Work Health and Safety Act 2012 (SA) and all associated regulations.

This policy also documents AMS Security's obligations as a Person Conducting a Business or Undertaking (PCBU) with respect to the identification of hazards, risk assessment, and the provision, maintenance, and enforcement of PPE as a required risk control measure.

2 UNIFORM OWNERSHIP & RETURN

- All uniforms remain the property of AMS Security.
- Must be returned directly to AMS Security Head Office (not to an employee or site) upon request or at termination.
- **Uniform Bond:** $500 (deducted as $100 per fortnight for 5 fortnights).
  - Refunded after full return of uniform in clean, good condition at next payroll.
  - A cleaning fee will be deducted if dry cleaning is required.
- Failure to return uniform may result in replacement costs being withheld from wages and/or bond.

3 GENERAL PRESENTATION STANDARDS

Applies to all staff whilst in uniform. All personnel are required to maintain a professional, safe, and tidy appearance at all times. This includes:

- **Hair:** Must be clean, neat, and secured where necessary for safety.
- **Facial Hair:** Must be well-groomed, tidy, and suitable for the role.
- **Tattoos:** Employees may have tattoos; however, they should be mindful of client expectations and their level of exposure in the workplace. Management may request tattoos be covered where appropriate.
- **Jewellery:** Minimal jewellery only. Specifically:
  - Facial piercings (nose, lip, tongue) are not permitted.
  - No large or hoop earrings, or excessive rings.
  - Wedding rings are permitted.
  - Earrings must be removed during duty if required.
- **Accessories:** Waist or bum bags are not permitted while on duty.
- **Uniform:** Must be clean, ironed, and maintained in good condition.

Compliance with these standards is mandatory to ensure professionalism, client confidence, and workplace safety. Exceptions for cultural, religious, or medical reasons must be discussed and approved by management.

4 UNIFORM REQUIREMENTS BY ROLE

4.1 Security Guards

- **Shirt:** White/Grey with AMS badges or site-specific insignia (see Section 4.3).
- **Undershirt:** White only (no prints or colours).
- **Pants:** Navy blue/Black slacks (no cargo pants or jeans).
- **Jacket:** Navy blue bomber with AMS badges (no sleeveless).
- **Tie:** Navy blue, elastic or clip-on (optional if 35°C+ outdoors and optional at selected sites).
- **Epaulettes:** Navy blue, worn on each shoulder, pointing up (optional at selected sites).
- **Footwear:** Black dress shoes (no sneakers) with rubber sole & grip; black/navy socks.
- **Badges:** Must be covered when travelling to/from work.

4.2 Security Patrol Officers

- **Shirt:** Blue with AMS badges (shoulders & left chest pocket).
- **Pants:** Navy blue slacks or Tactical 5.11 'Stryke' cargo pants (no jeans).
- **Jacket:** Navy blue bomber with AMS badges (no sleeveless).
- **Tie:** Navy blue, elastic or clip-on (optional if 35°C+ outdoors).
- **Epaulettes:** Navy blue, worn on each shoulder, pointing up.
- **Footwear:** Black dress shoes (no sneakers) with rubber sole & grip; black/navy socks.
- **Badges:** Must be covered when travelling to/from work.

4.3 Site-Specific Uniform Updates — Transition Period (Security Guards Only)

Note: AMS Security is currently in a uniform transition period. The following updates apply to Security Guards only. Patrol Officers are not affected at this stage.

- **Updated Shirt (selected sites):** Grey top with black pants. This replaces the standard white/grey shirt and navy slacks at sites where the updated uniform has been introduced.
- **Site Logo Requirements:** At certain client sites (e.g. Burnside Village), the grey top must carry the client's logo as directed by AMS Security management. Guards at these sites will be issued the correct shirt. Do not wear a plain grey shirt at a site that requires client branding.
- **Unsure What to Wear?** Please check with your supervisor before commencing your shift. All other uniform standards in Section 4.1 remain unchanged unless otherwise directed.

5 PERSONAL PROTECTIVE EQUIPMENT (PPE)

5.1 Legislative Basis and PCBU Obligations

AMS Security is a Person Conducting a Business or Undertaking (PCBU) under the Work Health and Safety Act 2012 (SA). The following legislative obligations apply:

LEGISLATIVE BASIS	
	Work Health and Safety Act 2012 (SA) — s.19: PCBUs must ensure, so far as reasonably practicable, the health and safety of workers and others. This includes providing and maintaining a safe work environment and providing adequate PPE. **WHS Regulations 2012 (SA), Part 3.4:** The PCBU must provide PPE at no cost to the worker, ensure it is maintained and replaced as required, and ensure workers are trained in its correct use. **Section 28 — Worker Duties:** Workers must take reasonable care for their own health and safety, comply with any reasonable instruction given by the PCBU, and use or wear PPE in accordance with any instruction given. **Security Industry Act 1995 (SA):** Licensed security officers must operate within the scope of their licence. SafeWork SA is the regulator. Notifiable incidents must be reported immediately on **1300 365 255**.

5.2 Hierarchy of Controls

Under the WHS Act 2012 (SA) and WHS Regulations 2012 (SA), all PCBUs must apply the hierarchy of controls when managing risks. PPE is the last resort after higher-order controls have been considered:

1. **Elimination** — Remove the hazard entirely.
2. **Substitution** — Replace the hazard with a safer alternative.
3. **Isolation** — Separate people from the hazard.
4. **Engineering Controls** — Use physical measures to reduce exposure.
5. **Administrative Controls** — Change work practices, supervision, or training.
6. **PPE** — Protect workers using personal protective equipment.

AMS Security has assessed the hazard of knife, blade, and sharp implement attacks at shopping centre environments. Following consideration of higher-order controls, stab-resistant vests have been identified as a necessary and mandatory PPE control measure for these sites.

5.3 Stab-Resistant Vest — Shopping Centre Sites (Mandatory)

MANDATORY PPE — CANNOT BE WAIVED: All security guards and supervisors deployed to shopping centre sites must wear the issued stab-resistant vest at all times whilst on duty. This requirement is non-negotiable and cannot be overridden by personal preference, discomfort, or any individual agreement.

AMS Security has assessed the foreseeable risk of knife, blade, or sharp implement attack at shopping centre environments. Stab-resistant vests are a mandatory risk control measure arising from that assessment. The following requirements apply:

- The stab-resistant vest must be worn correctly and fully fastened at all times whilst on duty, including during patrols, public interactions, incident responses, and all other active duties.

- The vest must not be removed during a shift unless directed by a supervisor for a specific operational reason, or in the event of a genuine medical emergency.
- The vest is to be fitted and adjusted properly at the commencement of each shift. Loose, unfastened, or incorrectly worn vests will be treated as non-compliance.
- Brief rest periods (e.g. meal breaks in a secure, non-public area) may be approved by the on-site supervisor at their discretion, subject to operational and safety requirements.
- The vest remains the property of AMS Security and must be returned in good condition upon request, at end of deployment, or at termination of employment.
- Guards must not modify, cover, or obscure the vest in a manner that reduces its protective function.

5.4 PPE Provision Obligations (PCBU)

Consistent with Section 19 of the WHS Act 2012 (SA) and Part 3.4 of the WHS Regulations 2012 (SA), AMS Security's obligations with respect to PPE provision are as follows:

- **Provision at no cost:** All mandatory PPE, including stab-resistant vests, must be provided to workers at no cost. The uniform bond does not constitute a charge for PPE.
- **Training and instruction:** All workers must be trained in the correct use, wearing, fitting, and storage of issued PPE. This training must be documented prior to the worker's first deployment at a site where the PPE is required.

5.5 Heat, Discomfort, and Personal Preference

AMS Security acknowledges that stab-resistant vests may cause discomfort, particularly in warm weather. The following measures are available to assist personnel:

- Personnel are encouraged to report discomfort to their supervisor so that operational solutions can be considered (e.g. adjusted patrol patterns, access to cool areas during breaks).
- Where conditions are extreme, supervisors may authorise short cooling breaks in accordance with AMS Security's heat management procedures.
- Personnel may raise concerns about vest fit, sizing, or condition with their supervisor or the Security Manager at any time.

Heat or discomfort alone does not constitute grounds for removal of the vest during active duty. Personal preference is not a lawful exemption from a mandatory PPE requirement under the WHS Act 2012 (SA).

5.6 Medical Exemptions

AMS Security recognises that a small number of personnel may have a genuine medical condition that affects their ability to wear a stab-resistant vest. The following process applies:

- The employee must notify the Security Manager in writing prior to commencing a shift at a shopping centre site.
- A medical certificate or written statement from a registered medical practitioner must be provided, specifying the nature of the condition and its impact on the ability to wear the vest.
- AMS Security management will assess the information provided and determine what reasonable adjustments, if any, can be made. This may include redeployment to an alternate site or role where the vest requirement does not apply.
- A claimed medical condition does not automatically exempt an employee from the vest requirement unless assessed and approved by management.

i NOTE	Under the **Fair Work Act 2009 (Cth)**, **Equal Opportunity Act 1984 (SA)**, and **Disability Discrimination Act 1992 (Cth)**, AMS Security is required to consider reasonable adjustments for employees with a disability or health condition before making adverse employment decisions. This process must be followed in good faith.

5.7 Non-Compliance and Disciplinary Process

Refusing to wear mandatory PPE is a direct breach of the worker's statutory duty under Section 28 of the WHS Act 2012 (SA), as well as a breach of their employment contract. The following escalating process applies:

- **First instance:** Verbal direction from supervisor to put on the vest. If complied with, the instance will be documented but may not result in further action.
- **Continued refusal:** The employee will be removed from site immediately and will not be permitted to return until the matter is resolved. The instance will be documented and may result in a formal written warning.
- **Repeated non-compliance:** Will be treated as ongoing serious misconduct and may result in further disciplinary action up to and including termination of employment.

All instances of non-compliance will be recorded in writing by the supervising officer and reported to the Security Manager and Operations within 24 hours.

5.8 PPE Issue and Acknowledgement

Upon being issued a stab-resistant vest, each employee must sign a PPE Issue Record confirming:

- They have received the vest in good condition;
- They have been briefed on the requirement to wear it at shopping centre sites;
- They understand the legislative obligations under the WHS Act 2012 (SA); and
- They understand that non-compliance may result in removal from site and disciplinary action.

The PPE Issue Record will be retained on the employee's personnel file.

5.9 Additional PPE Requirements

Additional PPE may be required at specific sites as determined by AMS Security Management. This may include, but is not limited to: high-visibility vests, gloves, safety glasses, hearing protection, or other site-specific equipment as advised. All PPE must be worn correctly, maintained in good condition, and returned to AMS Security upon request.

5.10 Incident Reporting

Under the WHS Act 2012 (SA), certain workplace incidents (defined as "notifiable incidents") must be reported to SafeWork SA immediately. In the context of security work, these include a fatality, serious injury or illness, or a dangerous incident that exposes a person to a serious risk.

⚠ NOTIFIABLE INCIDENTS	**Immediate reporting:** Any incident resulting in, or with potential to result in, serious injury must be reported to the Security Manager immediately. The Security Manager must notify SafeWork SA as required under the Act. **Scene preservation:** The site of a notifiable incident must not be disturbed until a SafeWork SA inspector arrives or permission is given, except to provide assistance or make the area safe. Notify SafeWork SA on **1300 365 255** for all notifiable incidents.

6 COMPLIANCE

All staff must follow these standards at all times. Breaches may result in disciplinary action up to and including termination.

Any concerns regarding appearance, uniform requirements, PPE, or requests for exceptions must be raised with the Security Manager prior to commencing a shift. Approval for exceptions must be obtained in advance and will be granted at the discretion of AMS Security Management.

7 VERSION HISTORY

Version	Date	Author	Approved By	Summary of Changes
1.0	Sep 2025	Management	Managing Director	Initial release — Uniform Policy (OP017).
1.1	Mar 2026	Management	Managing Director	Major revision: renamed Uniform & PPE Policy. Expanded PPE section with WHS Act 2012 (SA) legislative basis, mandatory stab-resistant vest requirements, medical exemption process, and disciplinary escalation. Added site-specific uniform transition section.

8 STAFF ACKNOWLEDGEMENT

I have read, understood, and agree to comply with the AMS Security Uniform & PPE Policy.

I understand that:

- Wearing the stab-resistant vest at shopping centre sites is a mandatory requirement under both my employment contract and the Work Health and Safety Act 2012 (SA);
- Any concerns, requests for exceptions, or medical matters must be raised with the Security Manager before commencing a shift; and
- Non-compliance with PPE requirements may result in removal from site and disciplinary action up to and including termination.
